We're closely monitoring local and national reports on the evolving impact of COVID-19 and, based on guidance from the Centers for Disease Control (CDC), the World Health Organization and applicable public health agencies, we've developed plans that will allow us to respond timely and appropriately.

Our housekeeping and sanitization efforts in our office has been greatly expanded. We're frequently disinfecting often-touched surfaces such as door handles, countertops, keypads, and restroom surfaces. We're asking all of our agents (and we urge everyone) to follow the CDC guidelines to prevent the spread of the infection.

We feel deeply for those who have been affected. Thankfully, as of now, we're not aware of any of our Agents contracting COVID-19. But we have implemented guidelines that instruct any Agent who may develop symptoms or come into contact with infected individuals to stay home and follow the CDC's instructions.

The health and safety of our clients and Agents are our top priority and we're committed to doing our part to help keep you safe.

Hoping all will come back to normal soon.

Thank You
